NORMAL TIME →

NOTE:
1. This watch features an electro-luminescent (EL) backlight, which tends to lose illuminating power after very long use.
2. The illumination provided by backlight may hard to see under direct sunlight.

CARE OF YOUR WATCH E-14

1. This watch contains precise electronic components. Never attempt to open the case or remove the back cover.
2. Do not operate buttons while underwater, or while swimming or diving.
3. Should water or condensation appear in the watch, immediately have the watch checked. Water can corrode electronic parts inside the case.
4. Avoid severe impact: The watch is designed to withstand impact under normal use. Do not subject it to severe impacts or rough usage, and do not drop it onto hard surfaces.
5. Avoid exposing the watch to temperature extremes.
6. Clean the watch with a soft cloth and clean water only. Avoid using chemicals, especially soap.
7. Keep your watch away from strong electric fields and static electricity.
